The Corey Borg-Massanari FOUNDATION

In 2019, **Corey Borg-Massanari** tragically passed away in an avalanche in Taos, New Mexico. He was raised in Brainerd, Minnesota where he graduated from Brainerd High School in 2015. The foundation was created in his name and memory, to give back to the **outdoor community he so passionately loved.**

The Foundation is **raising funds** to place **avalanche dogs** at ski resorts around the country. They are also working with the instructor of the **Outdoor Adventure Class at Brainerd High School** to provide newly updated equipment, and with **Central Lakes Search & Rescue** to provide supplies, equipment and training for outdoor safety.
